

# Miss Gennamore's Classroom News!

## Social Studies 7:

Building a Nation is no simple task our 7<sup>th</sup> graders are realizing. We have been exploring the many ideas of government, and what our founding fathers have proposed for representation in government and slavery. On Tuesday we held our very own constitutional convention! Students each were able to represent a state of their choice and speak up about their preferences. History came alive! We are hoping to finish this unit before Feb. break. Test date will be announced soon.

## Social Studies 8:

WWI is proving to be one of our students' favorite units. After analysis of new war technology, battle tactics, trench warfare and alliances, students are coming to the conclusion that this war needs to come to an end. We will be looking at just how this happened this week, and the impacts that come along with the Treaty of Versailles. Students will receive a review sheet this Wednesday, and will be tested on this unit Friday, February 15<sup>th</sup>.

## ELA 8:

Memoirs are finished and look great! Our students learned how to explain an event, and reflect on it simultaneously. I am so excited to read each of these pieces 😊  
Next to come, biographies!

Reminder: Students who are participating in our Lip Sync Battle need to bring in a circus themed costume. Dress rehearsal will be this Thursday.

Please keep our Jay in your thoughts and prayers as he begins treatment for cancer.
