

## Parent's Corner

In Reading this week we read the story, The Big Trip. We concentrated on words with long e spelled with e, ee, and ea. We worked on our sentence writing this week with our spelling words.

In Math, we began a new chapter on two digit addition and subtraction. We are using our knowledge of place value that we learned previously to help us remember the tens and ones places.

In Religion, we learned about Ash Wednesday. We talked about how the ashes are made from the palm branches from last Palm Sunday. We also learned that the color for Lent is purple!

In Social Studies and Science we have been talking about space! We have been talking a lot about technology and will be learning in the next few weeks about how our technology has changed and improved over time.

### Spelling Words for week of 3/11/19

play	rain
grain	way
sail	day
mail	stay
may	pain

Next Friday is a Staff Development day and there is no school!

Please make sure to be filling in the March book calendar! Your child should also be setting their goal for the month. A good goal would be reading for 15 minutes a night, a chapter a night or reading a short book a night.

Lent is here! We have spent a lot of time this week talking about how we are trying even more than normal to be good followers of Jesus during this time. We have a few more dress down days for Catholic Charities coming up. Please consider having your child complete a chore to earn their money to dress down with. We are working on taking responsibility for ourselves in class and this would be another way to teach them to be responsible!

Have a great weekend!  
Miss Schnackel
