

*From the Desk of Miss Sutherland*

*Grade 6*

*March 20<sup>th</sup> - March 26<sup>th</sup>*

*Students did very well on the Algebraic expression quiz/test! We are starting to move a bit quicker - not spending as long on one topic as we had been. I'm trying to get them ready for junior high!! Most are keeping up quite nicely. Some students may require more time to learn the skills....therefore extra help on Wednesdays during lunch is encouraged! I had at least 25 students seeking extra help in my room last week during lunch - the day before the test. It was awesome!*

*This week we are learning how to write and solve algebraic equations and then we'll be moving into inequalities. All new topics for 6<sup>th</sup> graders. I am loving math!!*

*Students have completed their essay about facing the giant in their life. I hope they will share them with you.*

*We are working through our Totally Lent book and enjoying making the connection between the daily gospel message and our own lives.*

*March prayer journal is due on March 27<sup>th</sup>, containing prayers 51-60. Students need to be reminded that 10 points is given for numbering them correctly. Also, only one prayer of the ten must be their own prayer.*

*Students have also been assigned The St. Thomas More Scholarship essay. This will not only be a religion grade but all entries will be entered into the diocesan contest for a chance to win \$1000 for tuition next year. The assignment is to describe a person in your life who exhibits the qualities of St. Thomas More. Students were given all the information last week. This is due to me on April 4<sup>th</sup>.*

*A little humor.....*
