

Children's Offertory Envelopes

All students will be bringing home their box of offertory envelopes today. The envelopes are labeled with each child's name. Please ask your child if you do not see them. Our teachers will be discussing the envelopes with our students before they are sent home

We know that you are teaching and modeling your children to be good stewards of Christ, by giving of their time, talent and treasure. We are encouraging students to use their time and talent for others and make time for God and prayer as we continue to grow closer to God and our faith. You may use the space on the back of the envelope for special prayer intentions and how their time and talents were used during the week to help others. The envelopes can be used at St. Christopher Parish or any other parish as well – the envelopes received at other parishes will then be returned to St. Christopher Parish.

Thank you for your support as we all continue to live as Jesus did and grow in our Catholic faith.
