

On Tuesday, March 20, Mr. Polen, our director of music, came and visited Miss Schnackel's 1st grade class to teach them a little about Ireland and Irish music. The class learned that Ireland is an island nation and its national instrument is the harp! Mr. Polen brought along his harp and taught the class a popular Irish children's song where they learned movements to dance and sing with. They also learned about the bodhran, a traditional Irish drum. The first graders enjoyed having Mr. Polen as our special guest and can't wait to have him come visit again!
